INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND REPORT ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Members of the General Assembly and the Governor State of Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated February 28, 2025.

Our report includes a reference to other auditors who audited the financial statements of certain funds, agencies, and component units of the State of Maryland, which represent the indicated percent of total assets and deferred outflows of resources and total revenues as described in our report on the State's financial statements and as presented in the below table. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors.

		Percentage Au Audi	dited by Other tors
Opinion Unit	Fund, Agency, or Component Unit	Assets and Deferred Outflows	Revenues

The financial statements of the Maryland Housing Fund (Economic Development Insurance Programs), Maryland Teachers & State Employees Supplement Retirement Plans, Maryland Local Government Investment Pool, Maryland 529 Plan, Bowie State University Foundation Inc., Frostburg State University Foundation Inc., Salisbury University Foundation Inc., Towson University Foundation Inc., University of Baltimore Foundation Inc., University System of Maryland Foundation Inc., University of Maryland Baltimore Foundation Inc., University of Maryland Orthopedic Associates, P.A., University of Maryland Faculty Physicians, Inc, University of Maryland Pediatric Associates P.A., University of Maryland College Park Foundation Inc., UMBC Research Park, and UMUC Ventures, and Morgan State University Foundation, Inc. were not audited in accordance with *Government Auditing Standards* and accordingly, this report does not include reporting on internal control over the financial reporting on instance of reportable noncompliance with these entities.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-001, 2024-002, 2024-003, and 2024-004, 2024-005, 2024-006, 2024-008, and 2024-009 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2024-007 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

State of Maryland's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the State's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Members of the General Assembly and the Governor State of Maryland

Report on Compliance for Each Major Federal Program Qualified and Unmodified Opinions

We have audited the State of Maryland's (the State) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the State's major federal programs for the year ended June 30, 2024. The State's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Disclaimer of Opinion on Unemployment Insurance

We do not express an opinion on the State's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on Unemployment Insurance. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on Unemployment Insurance section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on Unemployment Insurance.

Qualified Opinion on Major Programs

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the State complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the programs for the year ended June 30, 2024.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2024.

Basis for Disclaimer of Opinion on Unemployment Insurance

As described in the accompanying schedule of findings and questioned costs, we were unable to obtain audit evidence supporting the State's compliance with the allowable activities/costs, matching, period of performance, reporting and special tests and provisions requirements applicable to the Unemployment Insurance as described in finding number 2024-012. As a result of these matters, we were unable to determine whether the State complied with the requirements applicable to Unemployment Insurance.

Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the State and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified opinions on compliance for each major federal program. Our audit does not provide a legal determination of the State's compliance with the compliance requirements referred to above.

Matters Giving Rise to Qualified Opinion

As described in the accompanying schedule of findings and questioned costs, the State did not comply with requirements regarding the following:

Program/Cluster Title	Assistance Listing	Noncompliance	Finding Number
WIOA Cluster	17.258, 17.259, 17.278	Reporting - FFATA	2024-013
Education Stabilization Fund	84.425 C, D, R, U, V, W	Reporting - FFATA	2024-018
Special Education Cluster (IDEA)	84.027, 84.173	Period of Performance	2024-023
Refugee and Entrant Assistance State Administered Programs	93.566	SEFA Reporting	2024-024
Low-Income Home Energy Assistance	93.568	Period of Performance	2024-025
Opioid-STR	93.788	Reporting - FFATA	2024-028
Block Grants for Substance Use Prevention, Treatment, and Recovery Services	93.959	Reporting - FFATA	2024-029
Coronavirus State and Local Fiscal Recovery Funds	21.027	Allowable Activities/Costs	2024-017

Compliance with such requirements is necessary, in our opinion, for the State to comply with the requirements applicable to that program.

Other Matter- Federal Expenditures not Included in the Compliance Audit

The State's basic financial statements include the operations of the Maryland Water Infrastructure Financing Administration, Maryland Environmental Services, Foundations and Maryland Transportation Authority, enterprise funds of the State of Maryland, which received federal awards that are not included in the accompanying Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of these entities because auditors were engaged to perform a separate audit in accordance with the Uniform Guidance.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the State's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the State's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the State's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the State's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the State's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and
 report on internal control over compliance in accordance with the Uniform Guidance, but not for
 the purpose of expressing an opinion on the effectiveness of the State's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2024-010, 2024-011, 2024-014, 2024-015, 2024-016, 2024-019, 2024-026 and 2024-027. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on s response to the State's noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-012, 2024-013, 2024-017, 2024-018, 2024-023, 2024-024, 2024-025, 2024-028, and 2024-029 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-010, 2024-011, 2024-014, 2024-015, 2024-016, 2024-019, 2024-020, 2024-021, 2024-022, 2024-026, 2024-027, and 2024-030 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the State's response to internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State as of and for the year ended June 30, 2024, which includes reference to other auditors and the related notes to the financial statements, which collectively comprise the State's basic financial statements. We issued our report thereon dated February 28, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The State of Maryland (the State) includes expenditures in its Schedule of Expenditures of Federal Awards (the Schedule or SEFA) for all federal programs administered by the funds, agencies, boards and commissions, including component units, included in the State's reporting entity used for its basic financial statements, including the component unit higher education funds—the University System of Maryland, the Baltimore City Community College, Morgan State University, and St. Mary's College of Maryland. However, the Schedule of Expenditures of Federal Awards excludes the Maryland Water Infrastructure Financing Administration and Maryland Transportation Authority, Maryland Environmental Services and foundations. A separate single audit was conducted for these entities.

NOTE 2 BASIS OF ACCOUNTING

The accompanying SEFA has been presented on the accrual basis of accounting. Expenditures are recorded, accordingly, when incurred rather than when paid.

Expenditures reported on the SEFA are recognized following the cost principles contained in 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) except for the expenditures for the Coronavirus Recovery Fund (CRF) and Coronavirus State and Local Recovery Fund (ALN 21.019 and 21.027, respectively). The expenditures are based on criteria determined by the U.S. Department of Treasury (the Treasury). The Treasury identified allowable cost and activities requirements and identified costs and activities that were unallowed.

Indirect Costs

The State has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 CATEGORIZATION OF EXPENDITURES

The accompanying Schedule of Expenditures of Federal Awards reflects Federal expenditures for all individual grants that were active during the year. The categorization of expenditures by programs included in the accompanying SEFA is based on the Assistance Listing Number (ALN) as maintained in the System for Award Management (SAM). In accordance with the State's policy, the accompanying SEFA for the year ended June 30, 2024, reflects the ALN published in SAM through June 30, 2024.

Certain programs presented in the accompanying Schedule that have not been assigned an ALN are reported by the respective federal agency and titled "999." Programs related to the Intergovernmental Personnel Act are labeled "IPA" and Research and Development programs that have not been assigned an Assistance Listing number are labeled "RD."

NOTE 4 NONMONETARY FEDERAL FINANCIAL ASSISTANCE

The State is the recipient of federal programs that do not result in cash receipts or disbursements. Nonmonetary awards included in the Schedule are as follows:

	Assistance	
Program Name	Listing	Amount
COVID-19 Pandemic EBT Food Benefits	10.542	\$ 68,153,163
Supplemental Nutrition Assistance Program	10.551	1,558,238,930
Emergency Food Assistance Program (Food Commodities)	10.569	15,797,283
Donation of Federal Surplus Personal Property	39.003	13,298,184
COVID-19 - Immunization Cooperative Agreements	93.268	8,172,863
Immunization Cooperative Agreements	93.268	7,257,433
Total		\$ 1,670,917,856

NOTE 5 UNEMPLOYMENT INSURANCE

In accordance with the Department of Labor, Office of Inspector General instructions, the State recorded State Regular Unemployment Compensation (UC) benefits under Assistance Listing Number 17.225 on the accompanying Schedule. The individual state and federal portions are as follows:

State Regular UC Benefits	\$ 336,855,335
Federal UC Benefits	4,087,653
COVID-19 Federal UC Benefits	27,920,898
Federal UC Administrative Costs	 113,248,420
Total Benefits	\$ 482,112,306

NOTE 6 FEDERAL MORTGAGE PLANS

The State operates several programs that purchase federally guaranteed loans, primarily mortgages, from the originators. As the State has no responsibility for determining eligibility or compliance, these guarantees are not considered federal financial assistance for purposes of the single audit.

NOTE 7 LOAN PROGRAMS

The outstanding loan balances as of June 30, 2023, and loan expenditures for the year ended June 30, 2024, are considered current-year federal expenditures. These amounts are reported on the Schedule of Expenditures of Federal Awards.

NOTE 7 LOAN PROGRAMS (CONTINUED)

University System of Maryland

The System administers the following Federal Student Financial Assistance Programs:

Assistance Listing	Ва	Outstanding Balance as of June 30, 2024	
84.038 Perkins Loan Programs 93.264 Nurse Student Loan Program 93.342 Health Professions Students, Including	\$	4,444,035 305,819	
Primary Care Loans/Loans for Disadvantaged Students Total	\$	5,911,501 10,661,355	

St. Mary's College of Maryland

The College administers the Federal Perkins Loan Program – Federal Capital Contributions (Assistance Listing Number 84.038). The College received no Federal funds under the Program for the fiscal year ended June 30, 2024. The outstanding loan balance of \$96,990 as of June 30, 2024, and the outstanding loan balance of \$33,294 for the fiscal year ended June 30, 2024, are not considered current year Federal expenditures. The College did not issue new loans during the fiscal year ended June 30, 2024.

During the fiscal year ended June 30, 2024, the College processed the following amount of new loans under the Federal Education Loan Program, which includes the Stafford Loan and PLUS Loan. Since this program is administered by outside financial institutions, new loans made during the fiscal year ended June 30, 2024, relating to this program are considered current-year Federal expenditures, whereas the outstanding loan balances are not. The new loans made during the fiscal year ended June 30, 2024, are reported in the Schedule of Expenditures of Federal Awards.

	Outstanding		
	Loan	Loan Balance as of	
ALN 84.032 Federal Family Education Loans	Ju	June 30, 2024	
		_	
Federal Stafford Loans	\$	4,331,265	
Federal PLUS Loans		3,179,352	
Total	\$	7,510,617	

NOTE 7 LOAN PROGRAMS (CONTINUED)

Morgan State University

The University administers the Federal Perkins Loan Program – Federal Capital Contributions (Assistance Listing Number 84.038). The outstanding loan balance of \$2,423,610 as of June 30, 2023, less the Perkins Loan funds returned to the federal government of \$120,769, netting to \$2,302,841 are considered current-year Federal expenditures. These amounts are reported in summary in the Schedule of Expenditures of Federal Awards.

During the fiscal year ended June 30, 2024, the University processed \$79,523,237 in new loans under the Federal Direct Loan Program (Assistance Listing Number 84.268). Since this program is administered by outside financial institutions, the new loans made in the fiscal year that ended June 30, 2024, relating to this program are considered current-year Federal expenditures, whereas the outstanding loan balances are not. The new loans made in the fiscal year that ended June 30, 2024, are reported in the Schedule of Expenditures of Federal Awards.

NOTE 8 DISASTER GRANTS - PUBLIC ASSISTANCE (ASSISTANCE LISTING 97.036)

After a presidentially declared disaster, the U.S. Federal Emergency Management Agency (FEMA) provides a public assistance grant to reimburse eligible costs associated with repair, replacement, or restoration of disaster-damaged facilities. The federal government reimburses in the form of cost-shared grants.

In fiscal year 2024, FEMA approved approximately \$523,927,580 of eligible expenditures that were incurred in a prior year and are included in the Schedule.

NOTE 9 REBATES FROM THE SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

During fiscal year 2024, the state received cash rebates from infant formula manufacturers in the amount of \$29,484,190 based on the sale of formula to participants in the WIC program (ALN 10.557), which are netted against total expenditures included in the Schedule. Rebate contracts with infant formula manufacturers are authorized by Code of Federal Regulations, Title 7: Agriculture, Subtitle B, Chapter II, Subchapter A, Part 246.16a as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for WIC food benefit costs. Applying the rebates received to such costs enabled the State to extend program benefits to more participants than could have been serviced this fiscal year in the absence of the rebate contract.

NOTE 10 CCDF CLUSTER (ASSISTANCE LISTINGS 93.575 AND 93.596)

Expenditures reported in the Schedule for the Childcare Development Fund (CCDF) Cluster include the following funding sources:

93.575	COVID-19 Child Care and Development Block Grant	\$ 53,132,548
93.575	Child Care and Development Block Grant	131,691,955
93.596	Child Care Mandatory and Matching Funds	
	of the Child Care and Development Fund	 29,595,426
	Total	\$ 214.419.929

NOTE 11 HOUSING CHOICE VOUCHER PROGRAM (ASSISTANCE LISTING 14.871)

In accordance with reporting requirements established by U.S. Department of Housing and Urban Development Notice PIH 2021-25 (HA), Section 8.k., the Schedule includes \$2,285,091 in Emergency Housing Vouchers (EHV) funding issued under the American Rescue Plan Act of 2021.

Low-Income Home Energy Assistance	93.568	Qualified
Foster Care Title IV-E	93.658	Unmodified
Children's Health Insurance Program	93.767	Unmodified
COVID-19:Medicaid Cluster	93.775, 93.777, 93.778	Qualified
Opioid STR	93.788	Qualified
COVID-19: Block Grant for Prevention and Treatment of Substance Abuse	93.959	Qualified
Disaster Grants - Public Assistance (Presidentially Declared Disasters)	97.036	Unmodified

Section II - Financial Statement Findings

<u>2024 – 001: Unemployment Insurance Trust Fund (Fund)- Untimely Reconciliation of Trust Fund</u> Bank Accounts

Type of Finding: Material Weakness on Internal Control over Financial Reporting

Condition:

We noted that the Unemployment Trust Fund (Fund) did not implement internal controls the ensure timely reconciliation of the Fund's bank accounts. We noted that the bank reconciliations for fiscal year 2024 were not completed until February 2025. This resulted in significant delays during the audit.

Criteria:

The Fund's policies and procedures requires month-end bank reconciliations which include a reconciliation of total receipts, disbursements and month-end cash. The reconciliations are required to be completed and reviewed within thirty (30) days of month-end.

Cause:

The policies and procedures related to bank reconciliations were not performed.

Effect:

Management may be unable to detect and/or prevent errors, irregular or misappropriations in a timely manner. Management's risk of reporting inaccurate and unreliable information increases due to the lack of timely reconciliation and review.

Recommendation:

We recommend that the Fund consistently performed the procedures related to bank reconciliations and reconcile all bank accounts by the end of the following month. The process should include timely resolution of identified discrepancies and/or outstanding items.

Views of Responsible Officials:

There is no disagreement with the audit finding.

Section II – Financial Statement Findings (Continued)

2024 – 002: Unemployment Insurance Trust Fund (Fund) Financial Statement Preparation

Type of Finding: Material Weakness on Internal Control over Financial Reporting

Condition:

We noted that the Fund does not have written processes and procedures over financial reporting and financial statement preparation to ensure timely and accurate reports.

The Fund experienced significant transition in management and staffing during fiscal year 2024. Due to lack of written procedures, the production of an accurate and reliable accrual trial balance and financial statements resulted in delays in the audit process. In addition, the account balances automatically populated via Beacon are not consistently reviewed and reconciled to ensure accuracy.

We noted that the general ledger beginning net position was incorrect which resulted in material adjusting journal entries to correct beginning net position. The auditors suggested the following adjusting journal entry to correct beginning net position:

- \$121,845,331 to record fiscal year 2023 restated balance of \$118,497,745 and a correction for unrecorded returned ACH benefits in the amount of \$3,347,586.
- \$35,716,735 to correct beginning net position.

Criteria:

Management should establish internal controls over financial reporting to ensure that the information is accurate, consistent, and relevant.

Cause:

The Fund does not have standard operating procedures to ensure the consistency and accuracy financial reporting. In addition, the general ledger was incomplete and did not contain all required journal entries (prior year) to report an accurate beginning net position.

Effect:

Management's risk of reporting inaccurate and unreliable information increases due to the lack of standard operating procedures and internal controls over financial reporting.

Recommendation:

We recommend the Fund establish procedures to ensure that financial reporting is performed in a timely manner and provide accurate and relevant information.

Views of Responsible Officials:

There is no disagreement with the audit finding.

Section II – Financial Statement Findings (Continued)

<u>Finding 2024-003: Interdepartmental Activity, Accounts Receivable, Deferred Inflows, and Unearned Revenue – Maryland Department of Health (MDH)</u>

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition:

MDH is responsible for recording transactions in R*STARS related to accounts receivables, unearned revenues, and/or deferred inflows. To record the transactions accurately, MDH must maintain the information at the individual grant level and reconcile and review the information annually. MDH recorded receivables, unearned revenues, and/or deferred inflows inappropriately, resulting in improper classification, recognition, and derecognition concerns.

Interdepartmental activity consists of amounts due from other departments or agencies that are reported within the general fund are recorded by departments and agencies together in accounts receivable in R*STARS. MDH is responsible for identifying, tracking, reconciling, and adjusting the interdepartmental activity within the general ledger system. MDH failed to identify and reconcile this interdepartmental activity, resulting in an incomplete elimination journal entry prepared by the General Accounting Division (GAD) for year-end financial reporting.

Criteria:

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Context:

A summary of the issues noted during the audit is as follows:

- a) MDH was unable to provide adequate supporting documentation to substantiate grants receivable balances of approximately \$112.3 million.
- b) MDH recorded net negative grants receivable balances totaling approximately \$1 billion when summarized at the Assistance Listing Number (ALN) level.
- c) MDH recorded a grants receivable balance of approximately \$6.8 million related to the Coronavirus Relief Fund grant (ALN 21.019), despite the grant period of performance having ended in a prior year.
- d) The Schedule G prepared by MDH contained variances totaling approximately \$1.1 million when compared to the R*STARS subledger.
- e) MDH had grants receivable balances totaling approximately \$332 million that were not properly reconciled or allocated to their associated grants and/or ALNs.
- f) Interdepartmental receivables totaling approximately \$31.1 million were improperly reported as grant receivables in the year-end reporting package submitted to GAD and was required to be adjusted by GAD in order to properly state the year-end revenue and receivable balances.
- g) Interdepartmental receivables totaling approximately \$137 million were not properly classified in the general ledger, which caused the year-end eliminations entry related to interdepartmental activity that is posted by the GAD to be inaccurate.

Section II – Financial Statement Findings (Continued)

h) MDH did not submit grant reimbursement requests totaling approximately \$111.8 million related to Money Follows the Person Demonstration (ALN 93.791) to the grantor in a timely manner.

Cause:

MDH recorded financial information that was inconsistent with the guidance outlined in the State's policies and procedures, as well as U.S. GAAP. The ineffectiveness of MDH's internal controls' to reduce the risk of accounting errors on a timely basis contributed to the issues detailed above.

A summary of the cause of each issue noted above are as follows:

- a) MDH did not retain adequate supporting documentation to substantiate grants receivable balances.
- b) MDH did not reconcile their year-end accounts receivable balances to properly adjust the net negative grants receivable balances when summarized at the Assistance Listing Number (ALN) level
- c) MDH did not adequately track the period of performance on an individual grant basis to ensure that receivables recorded were valid and related to active grants.
- d) MDH did not reconcile their year-end accounts receivable balances to properly adjust variances to the R*STARS subledger prior to the fiscal close-out.
- e) MDH did not properly reconcile or allocate the year-end grant receivable balances at the individual grant and/or ALN level.
- f) MDH did not adjust interdepartmental receivables in the year-end reporting package submitted to GAD.
- g) MDH did not adequately identify, track, reconcile, or adjust the interdepartmental activity within the general ledger system, causing amounts due from other departments or agencies that are reported within the general fund to be improperly classified in the general ledger and recorded together in accounts receivable in R*STARS.
- h) MDH did not submit grant reimbursement requests in a timely manner.

Effect:

MDH recorded accounts or grant receivables inappropriately, resulting in improper classification, recognition, and derecognition concerns. As a result, GAD subsequently recorded several material journal entries during the audit, with several more passed adjustments proposed by the auditor, in order to properly state the related balances in the State's ACFR.

Due to the decentralized processes that exist in the State, the entity's internal control environment may not mitigate possible misstatements in the financial statements in interdepartmental activity, receivables, deferred inflows, and unearned revenues.

Repeat Finding: Yes, refer to prior year findings 2023-002 and 2023-003.

Recommendation:

We recommend the following:

- MDH review, modify, and monitor their policies and procedures for recording accounts receivable and grants receivable to meet the financial reporting principles:
 - MDH has the legal right to recognize accounts receivable at year end, and the State did not receive the funds before the fiscal year's end.
 - The dollar amount of the receivables is accurate based on legal claims made to external parties.

Section II – Financial Statement Findings (Continued)

- MDH records receivables, unearned revenues, and deferred inflows in appropriate accounts based on government accounting standards and policies and procedures outlined by the Comptroller's Office for financial closing packages.
- All supporting documentation is retained and readily available for audit.
- MDH should adequately identify, track, reconcile, and adjust the interdepartmental activity within
 the general ledger system for amounts due from other departments or agencies that are
 reported within the general fund to ensure proper classification in the general ledger and yearend reporting to GAD.
- A separate account code for interdepartmental activity should be utilized in R*STARS to assist
 with accurate year-end financial reporting over accounts receivable balances.
- MDH should submit all requests for reimbursement in a timely manner.

Overall, MDH is responsible for ensuring year-end interdepartmental activity, receivables, unearned revenues, and deferred inflows meet the requirements for financial reporting purposes to ensure appropriate recordkeeping by implementing policies and procedures that direct MDH personnel that are familiar with the detail of the accounts to perform these year-end reconciliations and adjustments. Further, MDH leadership is responsible for the accuracy of the information reported to the GAD by ensuring management reviewed the information to comply with the State's policies and procedures.

Views of Responsible Officials:

Management concurs with the finding.

Section II – Financial Statement Findings (Continued)

<u>Finding 2024-004: Interdepartmental Activity, Accounts Receivable, Deferred Inflows, and Unearned Revenue – Maryland Department of Education (MSDE)</u>

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition:

MSDE is responsible for recording transactions in R*STARS related to accounts receivables, unearned revenues, and/or deferred inflows. To record the transactions accurately, MSDE must maintain the information at the individual grant level and reconcile and review the information annually. MSDE recorded receivables, unearned revenues, and/or deferred inflows inappropriately, resulting in improper classification, recognition, and derecognition concerns.

Interdepartmental activity consists of amounts due from other departments or agencies that are reported within the general fund are recorded by departments and agencies together in accounts receivable in R*STARS. MSDE is responsible for identifying, tracking, reconciling, and adjusting the interdepartmental activity within the general ledger system. MSDE failed to identify and reconcile this interdepartmental activity, resulting in an incomplete elimination journal entry prepared by the General Accounting Division (GAD) for year-end financial reporting.

Criteria:

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Context:

A summary of the issues noted during the audit is as follows:

- i) MSDE was unable to provide adequate supporting documentation to substantiate grants receivable balances of approximately \$65.7 million.
- j) MSDE recorded net negative grants receivable balances totaling approximately \$49.4 million when summarized at the Assistance Listing Number (ALN) level.
- k) The Schedule G prepared by MSDE contained variances totaling approximately \$1.3 million when compared to the R*STARS subledger.
- I) MSDE had grants receivable balances totaling approximately \$83.7 million that were not properly reconciled or allocated to their associated grants and/or ALNs.
- m) Interdepartmental receivables totaling approximately \$171.9 million were improperly reported as grant receivables in the year-end reporting package submitted to GAD and which was required to be adjusted by GAD in order to properly state the year-end revenue and receivable balances.
- n) MSDE did not submit grant reimbursement requests totaling approximately \$171.9 million related to Coronavirus State & Local Fiscal Recovery Funds (ALN 21.027) to the Department of Budget and Management (DBM) in a timely manner. Additionally, MSDE did not submit grant reimbursement requests totaling approximately \$210.4 million related to Education Stabilization Funds (ALN 84.425 series) and approximately \$43.6 million related to Special Education/IDEA Cluster (ALN 84.027) to the grantors in a timely manner.

Section II – Financial Statement Findings (Continued)

Cause:

MSDE recorded financial information that was inconsistent with the guidance outlined in the State's policies and procedures, as well as U.S. GAAP. The ineffectiveness of MSDE's internal controls' to reduce the risk of accounting errors on a timely basis contributed to the issues detailed above.

A summary of the cause of each issue noted above are as follows:

- i) MSDE did not retain adequate supporting documentation to substantiate grants receivable balances.
- j) MSDE did not reconcile their year-end accounts receivable balances to properly adjust the net negative grants receivable balances when summarized at the Assistance Listing Number (ALN) level.
- k) MSDE did not reconcile their year-end accounts receivable balances to properly adjust variances to the R*STARS subledger prior to the fiscal close-out.
- I) MSDE did not properly reconcile or allocate the year-end grant receivable balances at the individual grant and/or ALN level.
- m) MSDE did not adequately identify, track, reconcile, or adjust the interdepartmental activity within the general ledger system, causing amounts due from other departments or agencies that are reported within the general fund to be improperly classified in the general ledger and recorded together in accounts receivable in R*STARS.
- n) MSDE did not submit grant reimbursement requests in a timely manner.

Effect:

MSDE recorded accounts or grant receivables inappropriately, resulting in improper classification, recognition, and derecognition concerns. As a result, GAD subsequently recorded several material journal entries during the audit, with several more passed adjustments proposed by the auditor, in order to properly state the related balances in the State's ACFR.

Due to the decentralized processes that exist in the State, the entity's internal control environment may not mitigate possible misstatements in the financial statements in interdepartmental activity, receivables, deferred inflows, and unearned revenues.

Repeat Finding: Yes, refer to prior year findings 2023-002 and 2023-003.

Recommendation:

We recommend the following:

- MSDE review, modify, and monitor their policies and procedures for recording accounts receivable and grants receivable to meet the financial reporting principles:
 - MSDE has the legal right to recognize accounts receivable at year end, and the State did not receive the funds before the fiscal year's end.
 - The dollar amount of the receivables is accurate based on legal claims made to external parties.
 - MSDE records receivables, unearned revenues, and deferred inflows in appropriate accounts based on government accounting standards and policies and procedures outlined by the Comptroller's Office for financial closing packages.
 - o All supporting documentation is retained and readily available for audit.
- MSDE should adequately identify, track, reconcile, and adjust the interdepartmental activity
 within the general ledger system for amounts due from other departments or agencies that are

Section II – Financial Statement Findings (Continued)

reported within the general fund to ensure proper classification in the general ledger and yearend reporting to GAD.

- A separate account code for interdepartmental activity should be utilized in R*STARS to assist with accurate year-end financial reporting over accounts receivable balances.
- MSDE should submit all requests for reimbursement in a timely manner.

Overall, MSDE is responsible for ensuring year-end interdepartmental activity, receivables, unearned revenues, and deferred inflows meet the requirements for financial reporting purposes to ensure appropriate recordkeeping by implementing policies and procedures that direct MSDE personnel that are familiar with the detail of the accounts to perform these year-end reconciliations and adjustments. Further, MSDE leadership is responsible for the accuracy of the information reported to the GAD by ensuring management reviewed the information to comply with the State's policies and procedures.

Views of Responsible Officials:

Management concurs with the finding.

Section II – Financial Statement Findings (Continued)

<u>Finding 2024-005: Interdepartmental Activity, Accounts Receivable, Deferred Inflows, and Unearned Revenue – Maryland Department of Human Services (DHS)</u>

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition:

DHS is responsible for recording transactions in R*STARS related to accounts receivables, unearned revenues, and/or deferred inflows. To record the transactions accurately, DHS must maintain the information at the individual grant level and reconcile and review the information annually. DHS recorded receivables, unearned revenues, and/or deferred inflows inappropriately, resulting in improper classification, recognition, and derecognition concerns.

Interdepartmental activity consists of amounts due from other departments or agencies that are reported within the general fund are recorded by departments and agencies together in accounts receivable in R*STARS. DHS is responsible for identifying, tracking, reconciling, and adjusting the interdepartmental activity within the general ledger system. DHS failed to identify and reconcile this interdepartmental activity, resulting in an incomplete elimination journal entry prepared by the General Accounting Division (GAD) for year-end financial reporting.

Criteria:

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Context:

A summary of the issues noted during the audit is as follows:

- a) DHS recorded net negative grants receivable balances totaling approximately \$29.9 million when summarized at the Assistance Listing Number (ALN) level.
- b) DHS recorded a grants receivable balance of approximately \$1 million related to the Coronavirus Relief Fund grant (ALN 21.019), despite the grant period of performance having ended in a prior year.
- c) The Schedule G prepared by DHS contained variances totaling approximately \$25.5 million when compared to the R*STARS subledger.
- d) Interdepartmental receivables totaling approximately \$1 million were improperly reported as grant receivables in the year-end reporting package submitted to GAD, was required to be adjusted by GAD in order to properly state the year-end revenue and receivable balances.
- e) A balance totaling approximately \$500.4 million related to cash already received was improperly reported as grant receivables in the year-end reporting package submitted to GAD and was required to be adjusted by GAD in order to properly state the year-end unearned revenue and receivable balances.

Section II – Financial Statement Findings (Continued)

Cause:

DHS recorded financial information that was inconsistent with the guidance outlined in the State's policies and procedures, as well as U.S. GAAP. The ineffectiveness of DHS's internal controls' to reduce the risk of accounting errors on a timely basis contributed to the issues detailed above.

A summary of the cause of each issue noted above are as follows:

- a) DHS did not reconcile their year-end accounts receivable balances to properly adjust the net negative grants receivable balances when summarized at the Assistance Listing Number (ALN) level.
- b) DHS did not adequately track the period of performance on an individual grant basis to ensure that receivables recorded were valid and related to active grants.
- c) DHS did not reconcile their year-end accounts receivable balances to properly adjust variances to the R*STARS subledger prior to the fiscal close-out.
- d) DHS did not adequately identify, track, reconcile, or adjust the interdepartmental activity within the general ledger system, causing amounts due from other departments or agencies that are reported within the general fund to be improperly classified in the general ledger and recorded together in accounts receivable in R*STARS.
- e) DHS did not adequately identify, track, reconcile, or adjust the unearned revenue balances within the general ledger system, causing amounts already received to be improperly classified in the general ledger in accounts receivable in R*STARS.

Effect:

DHS recorded accounts or grant receivables inappropriately, resulting in improper classification, recognition, and derecognition concerns. As a result, GAD subsequently recorded several material journal entries during the audit, with several more passed adjustments proposed by the auditor, in order to properly state the related balances in the State's ACFR.

Due to the decentralized processes that exist in the State, the entity's internal control environment may not mitigate possible misstatements in the financial statements in interdepartmental activity, receivables, deferred inflows, and unearned revenues.

Repeat Finding: Yes, refer to prior year findings 2023-002 and 2023-003.

Recommendation:

We recommend the following:

- We recommend that DHS review, modify, and monitor their policies and procedures for recording accounts receivable and grants receivable to meet the financial reporting principles:
 - DHS has the legal right to recognize accounts receivable at year end, and the State did not receive the funds before the fiscal year's end.
 - The dollar amount of the receivables is accurate based on legal claims made to external parties.
 - DHS records receivables, unearned revenues, and deferred inflows in appropriate accounts based on government accounting standards and policies and procedures outlined by the Comptroller's Office for financial closing packages.
 - o All supporting documentation is retained and readily available for audit.
- DHS should adequately identify, track, reconcile, and adjust the interdepartmental activity within
 the general ledger system for amounts due from other departments or agencies that are
 reported within the general fund to ensure proper classification in the general ledger and yearend reporting to GAD.

Section II – Financial Statement Findings (Continued)

- A separate account code for interdepartmental activity should be utilized in R*STARS to assist with accurate year-end financial reporting over accounts receivable balances.
- DHS should submit all requests for reimbursement in a timely manner.

Overall, DHS is responsible for ensuring year-end interdepartmental activity, receivables, unearned revenues, and deferred inflows meet the requirements for financial reporting purposes to ensure appropriate recordkeeping by implementing policies and procedures that direct DHS personnel that are familiar with the detail of the accounts to perform these year-end reconciliations and adjustments. Further, DHS leadership is responsible for the accuracy of the information reported to the GAD by ensuring management reviewed the information to comply with the State's policies and procedures.

Views of Responsible Officials:

Management concurs with the finding.

Section II – Financial Statement Findings (Continued)

<u>Finding 2024-006: Interdepartmental Activity, Accounts Receivable, Deferred Inflows, and Unearned Revenue – Maryland Department of Emergency Management (MDEM)</u>

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition:

MDEM is responsible for recording transactions in R*STARS related to accounts receivables, unearned revenues, and/or deferred inflows. To record the transactions accurately, MDEM must maintain the information at the individual grant level and reconcile and review the information annually. MDEM recorded receivables, unearned revenues, and/or deferred inflows inappropriately, resulting in improper classification, recognition, and derecognition concerns.

Interdepartmental activity consists of amounts due from other departments or agencies that are reported within the general fund are recorded by departments and agencies together in accounts receivable in R*STARS. MDEM is responsible for identifying, tracking, reconciling, and adjusting the interdepartmental activity within the general ledger system. MDEM failed to identify and reconcile this interdepartmental activity, resulting in an incomplete elimination journal entry prepared by the General Accounting Division (GAD) for year-end financial reporting.

Criteria:

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Context:

A summary of the issues noted during the audit is as follows:

- a) MDEM was unable to provide adequate supporting documentation to substantiate grants receivable balances of approximately \$357.6 million.
- b) MDEM recorded net negative grants receivable balances totaling approximately \$49 thousand when summarized at the Assistance Listing Number (ALN) level.
- c) The Schedule G prepared by MDEM contained variances totaling approximately \$10 million when compared to the R*STARS subledger.
- d) MDEM had grants receivable balances totaling approximately \$2.2 million that were not properly reconciled or allocated to their associated grants and/or ALNs.

Cause:

MDEM recorded financial information that was inconsistent with the guidance outlined in the State's policies and procedures, as well as U.S. GAAP. The ineffectiveness of MDEM's internal controls' ability to reduce the risk of accounting errors on a timely basis contributed to the issues detailed above.

A summary of the cause of each issue noted above are as follows:

a) MDEM did not retain adequate supporting documentation to substantiate grants receivable balances.

Section II – Financial Statement Findings (Continued)

- b) MDEM did not reconcile their year-end accounts receivable balances to properly adjust the net negative grants receivable balances when summarized at the Assistance Listing Number (ALN) level.
- c) MDEM did not reconcile their year-end accounts receivable balances to properly adjust variances to the R*STARS subledger prior to the fiscal close-out.
- d) MDEM did not properly reconcile or allocate the year-end grant receivable balances at the individual grant and/or ALN level.

Effect:

MDEM recorded accounts or grant receivables inappropriately, resulting in improper classification, recognition, and derecognition concerns. As a result, GAD subsequently recorded several material journal entries during the audit, with several more passed adjustments proposed by the auditor, in order to properly state the related balances in the State's ACFR.

Due to the decentralized processes that exist in the State, the entity's internal control environment may not mitigate possible misstatements in the financial statements in interdepartmental activity, receivables, deferred inflows, and unearned revenues.

Repeat Finding: Yes, refer to prior year findings 2023-002 and 2023-003.

Recommendation:

We recommend the following:

- MDEM review, modify, and monitor their policies and procedures for recording accounts receivable and grants receivable to meet the financial reporting principles:
 - MDEM has the legal right to recognize accounts receivable at year end, and the State did not receive the funds before the fiscal year's end.
 - The dollar amount of the receivables is accurate based on legal claims made to external parties.
 - MDEM records receivables, unearned revenues, and deferred inflows in appropriate accounts based on government accounting standards and policies and procedures outlined by the Comptroller's Office for financial closing packages.
 - All supporting documentation is retained and readily available for audit.
- MDEM should adequately identify, track, reconcile, and adjust the interdepartmental activity
 within the general ledger system for amounts due from other departments or agencies that are
 reported within the general fund to ensure properly classification in the general ledger and yearend reporting to GAD.
- A separate account code for interdepartmental activity should be utilized in R*STARS to assist with accurate year-end financial reporting over accounts receivable balances.
- MDEM should submit all requests for reimbursement in a timely manner.

Overall, MDEM is responsible for ensuring year-end interdepartmental activity, receivables, unearned revenues, and deferred inflows meet the requirements for financial reporting purposes to ensure appropriate recordkeeping by implementing policies and procedures that direct MDEM personnel that are familiar with the detail of the accounts to perform these year-end reconciliations and adjustments. Further, MDEM leadership is responsible for the accuracy of the information reported to the GAD by ensuring management reviewed the information to comply with the State's policies and procedures.

Views of Responsible Officials:

Management concurs with the finding.

Section II – Financial Statement Findings (Continued)

Finding 2024-007: Capital Asset Additions – Department of General Services (DGS)

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition:

During our audit, we noted several errors related to the capitalization of assets and ensuring the accuracy and completeness of the year-end capital asset balances.

Criteria:

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Context:

During the audit, capital assets totaling approximately \$175.8 million were transferred out of construction in process (CIP) and placed into service in the current year. Of that amount, approximately \$174.9 million related to capital projects that were completed and placed into service in prior years, which resulted in the understatement of depreciation expense and net position in the current year totaling approximately \$32.2 million. Additionally, the remaining amount capitalized of approximately \$0.9 million related to capital projects that were still in process, and therefore should not have been capitalized in the current year.

Cause:

The State's internal controls over the capitalization of CIP related to capital projects did not ensure accuracy and completeness of the capital asset balances subject to audit.

Effect:

The errors resulted in the understatement of depreciation expense and net position in the current year totaling approximately \$32.2 million.

Repeat Finding: No

Recommendation:

We recommend that DGS management strengthen its policies and procedures related to capital asset reporting by reviewing and updating the current processes to ensure that all assets are properly recorded in the period in which they are placed into service or disposed of. This will ensure that accurate and complete depreciation expense and asset balances are reported as of fiscal year-end.

Views of Responsible Officials:

Management concurs with the finding.

Section II – Financial Statement Findings (Continued)

Finding 2024-008: Statewide Year-End Closing Packages and Financial Reporting Schedules

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition:

During our audit, we noted several issues related to the accuracy and completeness of financial documentation supplied by various agencies, departments, component units, and the General Accounting Division (GAD) for the purpose of preparing the State's Annual Comprehensive Financial Report (ACFR) and Schedule of Expenditures of Federal Awards (SEFA).

Criteria:

Per 2 CFR §200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Per 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F, §200.510(b) requires that auditees prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502.

Context:

The issues noted during our review of supporting documentation are as follows:

- Agency closing packages and data collection templates are not reviewed in detail by agency management prior to posting the related year-end adjusting and financial statement preparation entries, which increases the risk of errors and misstatements in the financial statements.
- Agencies and separately audited component units submitted incomplete, inaccurate, and late information to GAD to be used for financial reporting.
- Year-end schedules containing errors were provided to support the fiscal year-end balances and activity.
- A year-end ACFR preparation entry was posted to the Local Income Tax Fund in the incorrect amount, resulting in an understatement of revenues totaling \$585,512,102. This amount was subsequently corrected by management.
- The SEFA prepared by GAD contained numerous errors and required material edits in order to obtain a reliable SEFA for the major program risk assessment. During the audit, we noted that the SEFA presented negative expenditures, incorrect Assistance Listing Numbers (ALN), and improperly reported federal expenditures related to numerous federal grants across several State agencies and departments. These errors were subsequently corrected by GAD after consultations with the agencies to "reasonably" determine the current year federal program expenditures.

Section II – Financial Statement Findings (Continued)

Cause:

The State's internal controls over the year-end financial reporting process did not ensure accuracy and completeness of the balances subject to audit.

Effect:

Several material journal entries were made during the audit, with several more passed adjustments proposed by the auditor, in order to properly state the fiscal year-end balances in the State's ACFR and SEFA. Due to the decentralized processes that exist in the State, the entity's internal control environment may not mitigate possible misstatements in the financial statements. Further, the SEFA was not prepared in accordance with OMB requirements, which affects the major program risk assessment.

Repeat Finding: No.

Recommendation:

We recommend that GAD strengthens its policies and procedures related to fiscal year-end reporting. We recommend that information and schedules compiled by agencies, separately audited components, and GAD be reconciled and reviewed by management prior to submission for the year-end reporting package.

Representation letters should be obtained by GAD from the respective agency's management stating that the information supplied to GAD is complete and accurate. Chief Financial Officers at the agency and department level should be properly trained to be knowledgeable to accurately complete the information necessary for GAD to prepare the State's ACFR and SEFA.

Additionally, we recommend that a formal timeline be implemented with the agencies and separately audited components to improve the accuracy and timeliness of information submitted to GAD for financial reporting.

Finally, we recommend that the departments and agencies work with GAD to determine procedures and processes for accounting and reconciling federal program expenditures to ensure that the reported information is accurate and reliable.

Views of Responsible Officials:

Management concurs with the finding.

Section II – Financial Statement Findings (Continued)

Finding 2024-009: Capital Projects Fund Adjustments – General Accounting Division (GAD)

Type of Finding: Material Weakness in Internal Control over Financial Reporting

Condition:

During our audit, we noted several audit adjustments in the Capital Projects Fund related to the accuracy and completeness of the year-end balances, as well as the presentation in the Annual Comprehensive Financial Report (ACFR).

Criteria:

COSO/Internal Control Framework defines control activities as "policies and procedures that help ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight of activities performed, and is an integral part of any internal control structure."

GAD assumes responsibility for compiling the information that the departments and agencies provide to present the State's Annual Comprehensive Financial Report (ACFR). GAD has designed and implemented policies and procedures to outline the financial information needed from each department and agency.

Context:

The issues noted during our review of supporting documentation are as follows:

- The Capital Projects Fund became a major fund for financial reporting purposes in the fiscal year under audit; however, the calculation was not performed by GAD, resulting in an initial ACFR presentation that is not in accordance with U.S. GAAP. This was subsequently corrected by GAD.
- During our search for unrecorded liabilities, we identified invoices totaling approximately \$54.7 million that were not properly recorded as an accrued expenditure and payable. This amount was subsequently corrected by GAD.
- During our search for unrecorded liabilities, we identified several invoices relating to requests for reimbursement from two agencies that were not submitted to GAD in a timely manner.
- A year-end ACFR preparation entry was posted in the incorrect amount, resulting in an understatement of receivables of approximately \$25 million. This amount was subsequently corrected by GAD.

Cause:

The State's internal controls over the year-end financial reporting process did not ensure accuracy and completeness of the balances subject to audit or proper major fund presentation in the ACFR.

Effect:

Several material journal entries were made during the audit to properly state the fiscal year-end balances in the Capital Projects Fund. Additionally, the ACFR was subsequently revised to properly present the Capital Projects Fund as a major fund in accordance with U.S. GAAP.

Repeat Finding: No

Section II – Financial Statement Findings (Continued)

Recommendation:

We recommend that GAD strengthens its policies and procedures related to fiscal year-end reporting. We recommend that information and schedules compiled by agencies, separately audited components, and GAD are reconciled and reviewed by management prior to submission as fiscal year-end reporting and audit support. Further, we recommend that a major fund calculation is prepared and reviewed prior to the preparation of the annual ACFR.

Views of Responsible Officials:

Management concurs with the finding.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-010

Prior Year Finding: No

Federal Agency:
State Agency:
U.S. Department of Agriculture
Department of Human Services
COVID-19 – Pandemic EBT

Assistance Listing Number: 10.542
Award Number and Year: 2022-2023
Compliance Requirement: Reporting

Type of Finding: Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: Performance reports must be certified monthly and submitted no later than the due date prescribed in the reporting schedule provided by the Food and Nutrition Service (FNS).

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Human Services (Department) submitted the July 2023 performance report untimely.

Context:

For one of eight reports selected for testing, the Department submitted the report untimely. The report was due 11/6/2023 but it was submitted on 11/7/2023.

Cause:

The Department's procedures were not sufficient to ensure that monthly performance reports were submitted timely. Internal controls did not prevent or detect the error.

Effect:

A programmatic report was submitted untimely.

Questioned costs:

None noted.

Recommendation:

We recommend the Department enhance its procedures and internal controls to ensure that it submits programmatic reports on a timely basis.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Views of responsible officials:

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-011

Prior Year Finding: No

Federal Agency: U.S. Department of Defense

State Agency: Military Department

Federal Program: National Guard Military Operations and Maintenance

(O&M) Projects

Assistance Listing Number: 12.401

Award Number and Year: W912K6-24-2 (10/1/2023 – 9/30/2024)

Compliance Requirement: Period of Performance

Type of Finding: Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: A non-federal entity may charge only allowable costs incurred during the approved budget period of a federal award's period of performance and any costs incurred before the federal awarding agency or pass-through entity made the federal award that were authorized by the federal awarding agency or pass-through entity (2 CFR sections 200.308 200.309 and 200.403(h)). A period of performance may contain one or more budget periods.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Military Department (Department) charged costs to the federal grant prior to the allowable start of the period of performance. The expenditures were incurred from six to twenty-three days prior to the start of the award period.

Context:

Two of forty transactions, totaling \$60,123, selected for testing were incurred prior to the allowable start of the period of performance.

Cause:

The Department's procedures were not operating sufficiently to ensure that expenditures charged to the program were incurred within the awards' period of performance. Internal controls did not prevent or detect the errors.

Effect:

Costs could be deemed unallowable by the awarding agency if funds are expended outside of the allowable period of performance.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Questioned costs:

\$ 4,699, which represents the total of the expenditures incurred prior to the awards' period of performance.

Recommendation:

The Department should review and enhance its procedures and internal controls to ensure that it charges expenditures to the program that are incurred within an award's allowable period of performance.

Views of responsible officials:

Insurance

Assistance Listing Number: 17.225 **Award Number and Year:** 2023 - 2024

Compliance Requirement: Allowable Activities/Costs

Matching

Period of Performance

Reporting

Special Tests and Provisions

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Noncompliance

Criteria or specific requirement:

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: State responsibilities include: (1) establishing specific, detailed policies and operating procedures which comply with the requirements of federal laws and regulations; (2) determining the state UI tax structure; (3) collecting state UI contributions from employers (commonly called "unemployment taxes"); (4) determining claimant eligibility and disqualification provisions; (5) making payment of UI benefits to claimants; (6) managing the program's revenue and benefit administrative functions; (7) administering the programs in accordance with established policies and procedures; and (8) enacting state UC law that conforms with federal UC law and that state law and operations substantially comply with federal law.

Condition:

The Department of Labor (Department) was unable to provide documentation supporting its compliance with program requirements for Allowable Activities/Costs, Matching, Period of Performance, Special Tests and Provisions – UI Benefit Payments, Special Tests and Provisions – Match with IRS 940 FUTA Tax Form, Special Tests and Provisions – UI Program Integrity-Overpayments, Special Tests and Provisions – UI Reemployment Programs: Worker Profiling and Reemployment Services (WPRS) and Reemployment Services and Eligibility Assessments (RESEA).

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

The Department provided all requested reports but some of the compliance requirements were not tested due to missing supporting documentation. We noted that documentation supporting key line items, timeliness of the submitted report, and/or review and approval of the report was not provided.

Context:

The Department failed to provide supporting documentation for audit. Therefore, compliance with program requirements were not tested.

Reporting: Financial Reports

ETA 2112-UI Financial Transaction Summary, supporting documentation of submitted data and evidence of review was not provided for four of the four reports selected for testing.

ETA 191-Financial Status of UCFE/UCX, supporting documentation of submitted data and evidence of review was not provided for two of the two reports selected for testing.

Reporting: Performance Reports

ETA 9050-Time Lapse of All First Payments except Workshare, supporting documentation for key line items, evidence of submission date and evidence of review was not provided for four of the four reports selected for testing.

ETA 9052-Nonmonetary Determination Time Lapse Detection, supporting documentation for key line items, evidence of submission date and evidence of review was not provided for four of the four reports selected for testing.

ETA 9055-Appeals Case Aging – Lower and Higher Authority Appeals, supporting documentation for key line items, evidence of submission date and evidence of review was not provided for four of the four 5eports selected for testing.

Reporting: Special report

ETA 2208A-Quarterly UI Above-Base Report evidence of review was not provided for two of the two reports selected for testing.

Cause:

The Department experienced significant transition in management and staffing during fiscal 2024.

Effect:

Auditors were unable to verify the Department's compliance with program requirements.

Questioned costs:

Undetermined due to lack of audit documentation.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Recommendation:

We recommend the Department implement procedures and internal controls to ensure that it complies with program requirements, that it maintains documentation, and that documentation is readily available for audit.

Views of responsible officials:

Federal Program: WIOA Cluster

Assistance Listing Number: 17.258, 17.259, 17.278

Award Number and Year: 23A55AT000018 (7/1/2023 – 6/30/2026) 23A55AW000021 (7/1/2023 – 6/30/2026)

23A55AY000028 (4/1/2023 - 6/30/2026)

Compliance Requirement: Reporting - Federal Funding Accountability and

Transparency Act (FFATA)

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Noncompliance

Criteria or specific requirement:

Compliance: Per the Federal Funding Accountability and Transparency Act (FFATA), prime (direct) recipients of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). Reports must be filed in FSRS by the end of the month following the month in which the prime recipient awards any sub-grant greater than or equal to \$30,000. If the initial award is below \$30,000 but subsequent grant modifications result in a total award equal to or over \$30,000, the award will be subject to the reporting requirements as of the date the award exceeds \$30,000. If the initial award equals or exceeds \$30,000 but funding is subsequently de-obligated such that the total award amount falls below \$30,000, the award continues to be subject to FFATA reporting requirements.

The following key data elements must be reported: Subawardee Name and Unique Entity Identifier (UEI); Amount of Subaward (inclusive of modifications); Subaward Obligation/Action Date; Date of Report Submission; Subaward Number; Project Description; and Names and Compensation of Highly Compensated Officers. (Names and Compensation of Highly Compensated Officers must only be reported when the entity in the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \$25,000,000 or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.)

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Condition:

The Department of Labor (Department) was not in compliance with FSRS reporting requirements. Subawards were not reported to FSRS.

Context:

Five of five subawards selected for testing were not reported to FSRS.

Transactions Tested	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
5	5	0	0	0
Dollar Amount of Tested Transactions	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
\$7,012,147	\$7,012,147	\$0	\$0	\$0

Cause:

The Department does not have procedures and internal controls to ensure that subawards are reported timely and accurately to FSRS.

Effect:

Subawards were not reported to FSRS in accordance with FFATA requirements.

Questioned costs:

None noted.

Recommendation:

We recommend the Department develop internal controls and procedures to ensure that all required subawards are reported timely and accurately to FSRS no later than the end of the month following the month of issuance.

Views of responsible officials:

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-014 **Prior Year Finding:** 2023-008

Federal Agency: U.S. Department of the Treasury

State Agency: Department of Housing and Community Development Federal Program: COVID-19 – Emergency Rental Assistance Program

Assistance Listing Number: 21.023

Award Number and Year: 3/1/2021- 9/30/2025

Compliance Requirement: Eligibility

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: Per 2 CFR 200, a non-federal entity must determine whether amounts provided to or on behalf of eligible participants or groups of participants were calculated in accordance with program requirements.

For ERA2, a grantee may only use the funds provided in the ERA to provide financial assistance and housing stability services to eligible households. To be eligible, a household must be obligated to pay rent on a residential dwelling and the grantee must determine that:

- a. one or more individuals within the household has qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due, directly or indirectly, to the coronavirus pandemic.
- b. one or more individuals within the household can demonstrate a risk of experiencing homelessness or housing instability; and
- c. the household is a low-income family (as such term is defined in section 3(b) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b))).

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Housing and Community Development (Department) did not consistently issue ERA the approval letter prior to disbursing funds. We identified disbursements that were approved during 2023 and 2024, and the approval letter was issued in February 2025.

Context:

ERA: For 4 of 60 participants selected for testing, the assistance approval letter was signed after funds were disbursed.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Cause:

The Department's procedures and internal controls did not identify the untimely issuance of the approval letters.

Effect:

Inconsistent performance of procedures and internal controls increases the risk of noncompliance.

Questioned costs:

None noted, the disbursements were issued for eligible participants.

Recommendation:

We recommend that the Department review and enhance supervisor review and approval to ensure that program requirements are consistently performed. Documentation to support compliance with the requirements should be maintained and readily available for review.

Views of responsible officials:

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-015 **Prior Year Finding**: 2023-009

Federal Agency: U.S. Department of the Treasury

State Agency: Department of Housing and Community Development

Federal Program: COVID-19 – Homeowner Assistance Fund

Assistance Listing Number: 21.026

Award Number and Year: 11/1/2021 – 9/30/2026

Compliance Requirement: Allowable Costs/Activities – Time and Effort Reporting **Type of Finding:** Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: 2 CFR Section 200.430 (8)(i) Standards for Documentation of Personnel Expenses states that: Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (i) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (ii) Be incorporated into the official records of the non-Federal entity;
- (iii) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;
- (iv) Encompass both federally assisted, and all other activities compensated by the non-Federal entity on an integrated basis, but may include the use of subsidiary records as defined in the non-Federal entity's written policy;
- (v) Comply with the established accounting policies and practices of the non-Federal entity;
- (vii) Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Housing and Community Development (Department) did not have effective controls in place for monitoring and obtaining adequate support to validate actual payroll expenses charged to the federal program.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Context:

One of sixty timesheets selected for testing could not be located by the Department and was unavailable for testing.

Cause:

Controls were not operating effectively to ensure that time and effort reporting was performed and documented in a timely manner in accordance with federal requirements.

Effect:

Documentation could not be provided for costs charged to the program.

Questioned costs:

Undetermined.

Recommendation:

The Department should reevaluate current process, implement proper controls, and perform additional training over time and effort reporting. The Department should not seek federal reimbursement unless they can substantiate that the time and effort was dedicated to the federal program. Documentation should be readily available for audit.

Views of responsible officials:

Compliance Requirement: Subrecipient Monitoring

Type of Finding: Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: Per 2 CFR 200 section 200.332 (a)1 (ii) Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes required federal award information at the time of the subaward. If any of the data elements change, include the changes in subsequent subaward modifications. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward. Required information includes: Subrecipient's unique entity identifier.

Per 2 CFR 200 section 200.332 (a)1(d) a non-Federal entity should monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Education (Department) was unable to provide documentation that it had subrecipient monitoring procedures in place, nor that monitoring activities were performed.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

The Department also did not include all required information in subawards it issued to subrecipients.

The Department's 2023 corrective action plan noted that resolution of the finding would not be until FY 2025. The auditor obtained the Department's project monitoring plan and monitoring survey implemented during fiscal year 2025.

Context:

ESF: Twenty-nine subrecipients were selected for testing and the following exceptions were noted:

- For 29 of 29 subrecipients selected for testing, the Department was unable to provide documentation that subrecipient monitoring procedures were in place nor that subrecipient monitoring was performed.
- For 2 of 29 subrecipients selected for testing, the subrecipient's unique identifier was not obtained. The subaward did not contain the required information nor did the Department provide documentation of obtaining the information for the subrecipient.

CSLFRF: For seven of seven subrecipients selected for testing, the Department was unable to provide documentation that subrecipient monitoring procedures were in place nor that subrecipient monitoring was performed.

Cause:

The subawards for non-public schools did not contain the required information, which was not identified during the review process.

The Department's 2023 corrective action plan noted that resolution of the finding would not be until FY 2025. The auditor obtained the Department's project monitoring plan and monitoring survey implemented during fiscal year 2025.

Effect:

The Department is not in compliance with the grantor's reporting requirements during the audit period.

Questioned costs:

None noted.

Recommendation:

We recommend that the Department continue to implement the sub recipient monitoring procedures and develop internal controls to ensure that the monitoring requirements are performed in a consistent and timely manner. Furthermore, the procedures should ensure that the documentation supporting compliance is maintained and readily available for review. We also recommend that the subawards contain all required federal award information.

Views of responsible officials:

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-017

Prior Year Finding: No

Federal Agency: U.S Department of the Treasury

State Agency: Department of Labor

Federal Program: COVID-19 - Coronavirus State and Local Fiscal Recovery

Funds (CSLFRF)

Assistance Listing Number: 21.027 **Award Number and Year:** 2021

Compliance Requirement: Allowable Activities/Costs

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Noncompliance

Criteria or specific requirement:

Compliance: The 2 CFR Part 200, Subpart E is applicable to expenditures under SLFRF unless stated otherwise. Given the purpose and very broad scope of eligible uses of the revenue replacement funds, only a subset of the requirements in 2 CFR Part 200, Subpart E apply to recipients' use of such funds, as follows:

- 2 CFR 200.400(a) (c), and (e) Policy guide;
- 200.403(a), (c), (d), (g), and (h) Factors affecting allowability of costs; and
- 200.404(e) Reasonable costs.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Labor (Department) did not maintain adequate documentation to support the existence, allowability and approval of CSLFRF funds used to support programmatic costs. The Department used \$53,456,422 to support the apprenticeship and employment training program; the auditors were not provided documentation to determine if the CSLFRF supports costs were allowable and approved.

Context:

The Department failed to provide supporting documentation to auditors. Therefore, compliance with program requirements were not tested.

Cause:

The Department transferred the funds in the accounting system but failed to maintain an audit trail to document the allowability and approval for the use of federal funds.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Effect:

Auditors were unable to verify the Department's compliance with program requirements.

Questioned costs:

Undetermined due to lack of audit documentation.

Recommendation:

We recommend the Department implement procedures and internal controls to ensure that it complies with program requirements, that it maintains documentation, and that documentation is readily available for audit.

Compliance Requirement: Reporting - Federal Funding Accountability and

Transparency Act (FFATA)

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Noncompliance

Criteria or specific requirement:

Compliance: Per the Federal Funding Accountability and Transparency Act (FFATA), prime (direct) recipients of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). Reports must be filed in FSRS by the end of the month following the month in which the prime recipient awards any sub-grant greater than or equal to \$30,000. If the initial award is below \$30,000 but subsequent grant modifications result in a total award equal to or over \$30,000, the award will be subject to the reporting requirements as of the date the award exceeds \$30,000. If the initial award equals or exceeds \$30,000 but funding is subsequently de-obligated such that the total award amount falls below \$30,000, the award continues to be subject to FFATA reporting requirements.

The following key data elements must be reported: Subawardee Name and Unique Entity Identifier (UEI); Amount of Subaward (inclusive of modifications); Subaward Obligation/Action Date; Date of Report Submission; Subaward Number; Project Description; and Names and Compensation of Highly Compensated Officers. (Names and Compensation of Highly Compensated Officers must only be reported when the entity in the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \$25,000,000 or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.)

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Education (Department) was not in compliance with FSRS reporting requirements. Subawards were not reported timely to FSRS.

Context:

Sixty subawards were selected for testing and the following exceptions were noted:

- 52 of 60 subawards were not reported to FSRS.
- 5 of 60 subawards were reported to FSRS approximately one year after they were due.
 One subaward was issued in December 2021 and was not reported until January 2023.
 Four subawards were issued in February and March 2023 but were not reported until April 2024.

Transactions Tested	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
60	52	5	0	0
Dollar Amount of Tested Transactions	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
\$250,138,086	\$247,422,166	\$2,459,820	\$0	\$0

Cause:

The Department's procedures and internal controls are not sufficient to ensure that subawards are reported timely to FSRS.

Effect:

Subawards were not reported to FSRS in accordance with FFATA requirements.

Questioned costs:

None noted.

Recommendation:

We recommend the Department review and enhance internal controls and procedures to ensure that all required subawards are reported timely to FSRS no later than the end of the month following the month of issuance.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-019

Prior Year Finding: No

Federal Agency: U.S. Department of Education State Agency: Department of Education

Federal Program: Title I Grants to Local Educational Agencies

Assistance Listing Number: 84.010

Award Number and Year: S010A230020, 2024 **Compliance Requirement:** Subrecipient Monitoring

Type of Finding: Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: Per 2 CFR 200.331, an entity may concurrently receive Federal awards as a recipient, a subrecipient, and a contractor. The pass-through entity is responsible for making case-by-case determinations to determine whether the entity receiving Federal funds is a subrecipient or a contractor. The Federal agency may require the pass-through entity to comply with additional guidance to make these determinations, provided such guidance does not conflict with this section. The Federal agency does not have a direct legal relationship with subrecipients or contractors of any tier; however, the Federal agency is responsible for monitoring the pass-through entity's oversight of first-tier subrecipients. All of the characteristics listed below may not be present in all cases, and some characteristics from both categories may be present at the same time. No single factor or any combination of factors is necessarily determinative. The pass-through entity must use judgment in classifying each agreement as a subaward or a procurement contract. In making this determination, the substance of the relationship is more important than the form of the agreement.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Education (Department) issued a subaward to a contractor who provided services for the program. The Department did not correctly identify the entity as a contractor via the procurement process.

Context:

One of Seven subawards selected for testing was incorrectly issued to a contractor.

Cause:

The Department's policies were to issue a subawards for contractor providing services.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Effect:

The Department did not correctly document the contractual relationship between the Department and the contractor.

Questioned costs:

None noted.

Recommendation:

We recommend that the Department review the federal requirements for determining a subrecipient vs a contractor. Their procedures should be updated to ensure that contractual relationships with vendors are documented in accordance with the federal contracting requirements.

Compliance Requirement: Allowable Activities/Costs

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or specific requirement:

Compliance: Per 2 CFR § 200.403, except where otherwise authorized by statute, costs must meet the following general criteria to be allowable under Federal awards: (a) Be necessary and reasonable for the performance of the Federal award to be allocable thereto under these principles. (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award regarding types or amount of cost items. (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity. (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost. (e) Be determined in accordance with generally accepted accounting principles (GAAP), except for state and local governments and Indian tribes only, as otherwise provided for in this part. (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b). (g) Be adequately documented. See also §200.300 Statutory and national policy requirements through 200.309 Period of performance of this part.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

Time and Effort documentation was not documented and reviewed timely.

Questioned costs:

None.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Context:

For all seventeen samples selected for testing, Time and Effort was not performed and documented in a timely manner or reviewed appropriately.

Cause:

The Institution's internal controls were not operating effectively to ensure that time and effort reporting was performed and documented in a timely manner in accordance with federal requirements.

Effect:

Expenditures may be incorrectly charged to the program.

Recommendation:

We recommend that the Institution strengthen its internal controls to ensure that Time and Effort is documented, and expenditures are reviewed and adjusted for, if necessary, in a timely manner.

Views of responsible officials:

There is no disagreement with the audit finding.

Compliance Requirement: Suspension & Debarment

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or specific requirement:

Compliance: Per 2 CFR 200.213 Suspension and Debarment restricts awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

2 CFR 180.300 states that an entity may determine suspension and debarment status by:

- (a) Checking SAM Exclusions; or
- (b) Collecting a certification from that person; or
- (c) Adding a clause or condition to the covered transaction with that person.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The institutions listed above did not determine the suspension and debarment status of contractors with expenditures exceeding \$25,000 during the fiscal year as required by federal regulations.

Questioned costs:

Undetermined.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Context:

The suspension and debarment status for six out of fifteen items tested were not documented before the time of procurement.

Cause:

The Universities' controls were not sufficient to ensure that contractors' suspension and debarment status was documented prior to entering into the contract.

Effect:

Federal funds may be paid to parties that are ineligible.

Recommendation:

We recommend the Universities evaluate their policies procedures to ensure that suspension and debarment requirements are being met prior to entering into transactions with contractors. Policies and procedures should reiterate the three options for determining suspension and debarment status listed in 2 CFR 180.300.

Views of responsible officials:

There is no disagreement with the audit finding.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Reference Number: 2024-023

Prior Year Finding: No

Federal Agency: U.S. Department of Education
State Agency: Department of Education

Federal Program: Special Education Cluster (IDEA)

Assistance Listing Number: 84.027, 84.173

Award Number and Year: H027A230035 (7/1/2023 – 9/30/2024)

H173A230089 (7/1/2023 – 9/30/2024)

Compliance Requirement: Period of Performance

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Noncompliance

Criteria or specific requirement:

Compliance: A non-federal entity may charge only allowable costs incurred during the approved budget period of a federal award's period of performance and any costs incurred before the federal awarding agency or pass-through entity made the federal award that were authorized by the federal awarding agency or pass-through entity (2 CFR sections 200.308 200.309 and 200.403(h)). A period of performance may contain one or more budget periods.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Education (Department) charged costs to the federal grant prior to the allowable start of the period of performance. We noted that five of the seven exceptions were incurred from 92 to 213 days prior to the beginning of the period of performance.

Context:

Seven of eleven transactions selected for testing were incurred prior to the allowable start of the period of performance.

Cause:

The Department's procedures were not operating sufficiently to ensure that expenditures charged to the program were incurred within the awards' period of performance. Internal controls did not prevent or detect the errors.

Effect:

Costs could be deemed unallowable by the awarding agency if funds are expended outside of the allowable period of performance.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Questioned costs:

\$4,411, which represents the total of the expenditures incurred prior to the awards' period of performance.

Recommendation:

The Department should review and enhance its procedures and internal controls to ensure that it charges expenditures to the program that are incurred within an award's allowable period of performance.

Views of responsible officials:

Reference Number: 2024-024

Prior Year Finding: No

Federal Agency: U.S. Department of Health and Human Services

State Agency: Department of Human Services

Federal Program: Refugee and Entrant Assistance State Administered

Programs

Assistance Listing Number: 93.566

Award Number and Year: 2201MDRSSS (10/1/2021 – 9/30/2024)

2301MDRSSS (10/1/2022 – 9/30/2026) 2301MDRCMA (10/1/2022 – 9/30/2024) 2401MDRCMA (10/1/2023 – 9/30/2025)

Compliance Requirement: SEFA Reporting

Type of Finding: Material Weakness in Internal Control over Compliance,

Material Noncompliance

Criteria or specific requirement:

Compliance: 2 CFR, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F, §200.510(b) requires that auditees prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

A material error was made by the Department of Human Services (Department) in the amount reported for the program on the Schedule of Expenditures of Federal Awards (SEFA).

Context:

The Department made a late adjustment to their SEFA reporting for the program which reduced total expenditures by \$3.77 million, or approximately 10%.

Cause:

The General Accounting Department consulted with Department to "reasonably" determine the current year federal program expenditures. However, the Department incorrectly accounted for and reported the federal program expenditures as part of their closing reporting package and subsequently reduced expenditures by approximately 10%.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Effect:

The SEFA was not prepared in accordance with OMB requirements which could impact the major program risk assessment.

Questioned costs:

None noted.

Recommendation:

We recommend that the Department review and enhance its reporting procedures and internal controls to ensure that expenditures reported on the SEFA are accurate.

Award Number and Year: 2401MDLIEA (10/1/2023-9/30/2025)

Compliance Requirement: Period of Performance

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Non-compliance

Criteria or specific requirement:

Compliance: A non-federal entity may charge only allowable costs incurred during the approved budget period of a federal award's period of performance and any costs incurred before the federal awarding agency or pass-through entity made the federal award that were authorized by the federal awarding agency or pass-through entity (2 CFR sections 200.308 200.309 and 200.403(h)). A period of performance may contain one or more budget periods.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Human Services (Department) charged costs to the federal grant prior to the allowable start of the period of performance. The expenditures were incurred from one to twenty-six days prior to the start of the award period.

Context:

Seventeen of forty transactions, totaling \$997,976, selected for testing were incurred prior to the allowable start of the period of performance.

Cause:

The Department's procedures were not operating sufficiently to ensure that expenditures charged to the program were incurred within the awards' period of performance. Internal controls did not prevent or detect the errors.

Effect:

Costs could be deemed unallowable by the awarding agency if funds are expended outside of the allowable period of performance.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Questioned costs:

\$778,473, which represents the total of the expenditures incurred prior to the awards' period of performance.

Recommendation:

The Department should review and enhance its procedures and internal controls to ensure that it charges expenditures to the program that are incurred within an award's allowable period of performance.

Compliance Requirement: Special Tests and Provisions – Refunding of Federal Share

of Medicaid Overpayments to Providers

Type of Finding: Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: Per 42 CFR 433 Subpart F, State Medicaid Agencies (SMAs) are required to refund the federal share of Medicaid overpayments made to providers. States have up to one (1) year from the date of discovery of the overpayment to recover or attempt to recover the overpayment before the federal share must be refunded to CMS via Form CMS-64 regardless of whether recovery is made from the provider. The state must credit the federal share to CMS as outlined under 42 CFR 433.320(a)(2) either in the quarter in which the recovery is made or in the quarter in which the one-year period following discovery ends, whichever is earlier, with limited exceptions. Under 42 CFR 433.316(d), for overpayments resulting from fraud, if not collected within one year of discovery, the SMA has until 30 days after the final judgment of a judicial or administrative appeals process to return the federal share.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

The Department of Health (Department) did not report an overpayment timely. The overpayment should have been reported on the 12/31/2023 quarterly CMS-64 report, but the Department did not report it until FY 2025.

Context:

One of eight overpayments selected for testing was not reported timely to CMS.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Cause:

The Department's procedures were not sufficient to ensure that overpayments were reported timely. Internal controls did not detect or prevent the error.

Effect:

Overpayment reporting and return of Medicaid funds to CMS was untimely.

Questioned costs:

Undetermined.

Recommendation:

We recommend that the Department enhance its procedures and internal controls to ensure that overpayments are reported to CMS either in the quarter in which the recovery is made or in the quarter in which the one-year period following discovery ends, whichever is earlier.

Views of responsible officials:

2405MD5ADM (10/1/2023 – 9/30/2024) 2305MD5MAP (10/1/2022 – 9/30/2023) 2305MD5ADM (10/1/2022 – 9/30/2023)

Compliance Requirement: Special Tests and Provisions – Medicaid Recovery Audit

Contractors (RACs)

Type of Finding: Significant Deficiency in Internal Control Over Compliance,

Other Matters

Criteria or specific requirement:

Compliance: States are required to establish programs to contract with one or more Medicaid Recovery Audit Contractors (RACs) to identify underpayments and overpayments, and recouping overpayments under the state plan and under any waiver of the state plan with respect to all services for which payment is made to any entity under such plan or waiver. States must establish these programs in a manner consistent with State law, and generally in the same manner as the Secretary contracts with contingency fee contractors for the Medicare Fee-For-Service RAC program under Section 1893(h) of the Act (42 USC 1395ddd).

The Medicaid State Plan requires the State to conduct a desk audit on every provider each year and to conduct periodic field audits based on the results of annual desk audits.

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

RAC desk audits and field audits were not performed timely. The Department procured and contracted a vendor to perform the audits in August 2022 (fiscal year). The contractor is currently performing desk audits for 2021, which is the last time the audits were performed.

Context:

For 60 of 60 providers selected for testing, the RAC contractor engaged by the Department of Health (Department) did not perform timely audits.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Cause:

The Department's procedures and internal controls are not sufficient to ensure that annual desk audits and periodic field audits are performed timely.

Effect:

Failure to perform RAC audits timely could result in underpayment and overpayment errors to be undetected which could result in overpayments not being recouped timely.

Questioned costs:

Undetermined.

Recommendation:

We recommend that the Department enhance its procedures and internal controls to ensure that RAC desk and field audits are performed timely and that overpayments are recouped.

Compliance Requirement: Reporting - Federal Funding Accountability and

Transparency Act (FFATA)

Type of Finding: Material Weakness in Internal Control Over Compliance,

Material Noncompliance

Criteria or specific requirement:

Compliance: Per the Federal Funding Accountability and Transparency Act (FFATA), prime (direct) recipients of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). Reports must be filed in FSRS by the end of the month following the month in which the prime recipient awards any sub-grant greater than or equal to \$30,000. If the initial award is below \$30,000 but subsequent grant modifications result in a total award equal to or over \$30,000, the award will be subject to the reporting requirements as of the date the award exceeds \$30,000. If the initial award equals or exceeds \$30,000 but funding is subsequently de-obligated such that the total award amount falls below \$30,000, the award continues to be subject to FFATA reporting requirements.

The following key data elements must be reported: Subawardee Name and Unique Entity Identifier (UEI); Amount of Subaward (inclusive of modifications); Subaward Obligation/Action Date; Date of Report Submission; Subaward Number; Project Description; and Names and Compensation of Highly Compensated Officers. (Names and Compensation of Highly Compensated Officers must only be reported when the entity in the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \$25,000,000 or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.)

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

Condition:

The Department of Health (Department) was not in compliance with FSRS reporting requirements. Subawards were not reported timely to FSRS.

Context:

Eight of eight subawards selected for testing were not reported timely to FSRS. The subawards were issued in September 2023 but were not reported to FSRS until August 2024.

Transactions Tested	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
8	0	8	0	0
Dollar Amount of Tested Transactions	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
\$5,581,834	\$0	\$5,581,834	\$0	\$0

Cause:

The Department's procedures and internal controls are not sufficient to ensure that subawards are reported timely to FSRS.

Effect:

Subawards were not reported to FSRS in accordance with FFATA requirements.

Questioned costs:

None noted.

Recommendation:

We recommend the Department review and enhance internal controls and procedures to ensure that all required subawards are reported timely and accurately to FSRS no later than the end of the month following the month of issuance.

P031E200073 (10/1/2022-9/30/2024), P031K190016 (10/1/2022-9/30/2024)

Compliance Requirement: Cash Management

Type of Finding: Significant Deficiency in Internal Control over Compliance

Criteria or specific requirement:

Internal Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Condition:

It was observed that the University did not maintain supporting documentation supporting the review and approval process over cash management.

Context:

The condition occurred for the two drawdowns selected for testing.

Cause:

The University's process over review and approval for cash management was not documented.

Effect:

Federal funds may be incorrectly drawn.

Questioned costs:

None.

Recommendation:

We recommend the institution implement a formal process for conducting and documenting regular reviews of cash management.

Views of responsible officials:

There is no disagreement with the audit finding.
