

Dear Maryland State Agency and University Representatives,

We wanted to provide you with a quick update on the Payroll Modernization Project. The core project management team met this week to review operational readiness, and an official determination regarding go or no-go will be shared next week.

This week with the help of our agencies we have continued to do a detailed review of the data being used and the integrations. We have continued to improve accuracy in the pay results. Total Gross Pay reconciliation is moving closer to finalization, which is a critical milestone for full system integration.

We will continue to give you weekly updates on our progress and hope you have a wonderful weekend.

The CPB Team
